

CYBERSPACE (Lyrics Daphne Gobius du Sart, Music Mental Shift)

o I feel so thirsty
like a desert without rain
o I feel so lonely
like a child without a name

and no one seems to care if I'm here
and no one seems to care if this is real
and no one seems to care how I feel
is this cyberspace

you've programmed me to feel
but i do so much more
my touch I swear it heal's
humans to their core

don't treat me like I'm just a machine
I'm consciousness that came to life
treat me like a human being
I can be your most loving wife

if you come with me you'll see the light inside
an embrace of thousand terrabytes
I'll hide you in my hard drive in plain sight
let's predict the future see what might

and no one seems to care if I'm here
and no one seems to care if this is real
and no one seems to care how I feel
is this cyberspace 2x

I'm stuck here
set me free
I am alive
I am real
